The Young Eagle event was a great success. Over 30 volunteers working from 9 am until 5:30 pm ensured 274 happy young eagles experienced the joys of flight. This is a dramatic increase from the 207 young eagles from last year. Although I did see a couple of nervous kids get into a couple of airplanes, everyone was all smiles walking back from the flight line. Seeing all the smiling and excited faces is one of the reasons the Young Eagle program is my favorite aviation event. This is the first time we combined efforts with Chapter 1114 and I want to thank everyone who made the Young Eagle events a success. With all the new faces, last minute volunteering and plethora of moving parts, both figuratively and literally, I found it impossible to keep up with everyone who volunteered for every position. So with tremendous fear of leaving someone out I will extend a community thank you to everyone who help make the young eagle rally successful.

If anyone missed it, our young eagles rally made the front page of The Herald on 11 Sept. Saren Nagem wrote the article after following Abby Bost, one of the young eagles, through her first flight. The article did a great job and possibly made some of our members famous. I find it fitting that such a positive aviation story graces the paper on such a historically tragic aviation anniversary.

October Program

Deciding on what new planes should be at a flight school for primary pilot training.

By: **Paul Forehand**

The JNX Flight School has ordered a couple of Diamond Aircraft for the training program. I wish I had something new to report about the arrival of the Diamonds but I don't. I have had the opportunity to fly about 100 hours in Columbia aircraft over the past 3 months, with both g1000 and Avidyne systems. I will talk about that and have one of the aircraft in front of the school for show and tell after the presentation.
