## From the Tower:

By Joe Mancusi

### From the Tower:

September 13 is the JNX Open House and our Young Eagles event. One month to go. We have quite a few volunteers signed up at this point. We still need more. The good news is that you will not be out there by yourself. Everyone can participate and feel good. Please come out and help.

Wayne Sawyer just recently flew his RV-7A for the first time. Congrats.

There is more than one way to hurt ourselves with E10 Ethanol auto fuel. You can have longer term effects on fuel systems. And you can suffer performance degradation. Auto fuel provides less power than 100LL. Believe me I can tell the difference when I run a high percentage auto fuel in my STC'd C-120. Add ethanol and power is reduced even more. It can make all the difference coming out of my favorite airports. Be careful.

Once again please support our Chapter friendly airport and our friendly Chapter on September 13.

## August Program

## July Meeting Minutes

By **Gary Winter**

### The Breakfast Report:

A delicious breakfast consisting of a Denver Omelet with salsa, biscuits and gravy, grits, fruit dish, blueberry bread, tomato juice, and coffee was prepared and served by Byron & Ida Mae Covey and Nancy Normark, with guest chef W.T. Bailey. Excellent, to say the least. Great Job!!!

### Meeting Start:

President Joe Mancusi opened the meeting at 9:00 o'clock with a total of 25 in attendance.

The June minutes were approved as published in the July newsletter.

### Guests:

Terry Butts from Huntsville, AL

### Treasurer's Report:

The treasurer's report shows that we have \$1422.21 in our checking account with all bills paid.

### Old Business:

Check your newsletter for openings in the breakfast schedule and meeting coordinator schedule. Feel free to jump right in there and add your name.

If you haven't paid you 2008 dues, please do so ASAP.

### New Business:

President Joe asked everyone at the meeting to introduce themselves and give a brief overview of their current airplanes and projects. Good idea, Joe.

Art Armani reported on the progress of the Chapters Young Eagle event, scheduled for September 13<sup>th</sup>. All plans are going well and everything is on schedule.

### Adjournment:

As there was no other business, a motion to adjourn and a second was accepted at 9:30 am.

## **Post Flight Debriefing:**

Dan Hardin was our speaker for this July meeting. Dan is an experienced experimental airplane builder and gave a presentation on "Whether you should build or not". Dan showed a video of an ultralight seaplane he designed and built, beginning in 1989 and of one of it's first successful flights in April of 1992. He has built campers, a motorhome, and is now in the final stages of building an electric car. Dan's advice to everyone is "Always build something.....even if it's not an airplane, always stay busy building something". Good advice, Dan. Great Job. We thank you.

This bottom photo is Smiley Creek Airport, Idaho. Elevation is 7401 feet and 85F. The third airplane you see is a Turbine Maule. The departure of these three aircraft was eye opening to say the least. The airport is just across the street from Smiley Creek Lodge. Smiley Creek Rd. is close by! This is a beautiful fly in destination.

Great 5000 foot runway. Winter has the airport closed and used for snowmobile races.

Standing there is the Pres trying to figure out how to get a ride.....

**EAA Chapter 506 Membership Information Update Sheet**  
**2008 Dues Notice**

Update the membership sheet and mail to Gary Winter. Enclose a check for \$24 for the 2008 dues. Gary will forward the check to the treasurer. Please try to complete this task ASAP.
